

AMENDED IN ASSEMBLY JUNE 28, 2001

CALIFORNIA LEGISLATURE—2001–02 SECOND EXTRAORDINARY SESSION

ASSEMBLY BILL

No. 5

Introduced by Assembly Member ~~Kelley~~ Members *Kelley and Reyes*

May 15, 2001

An act to add Section 739.9 to the Public Utilities Code, relating to public utilities, *and declaring the urgency thereof, to take effect immediately.*

LEGISLATIVE COUNSEL'S DIGEST

AB 5, as amended, Kelley. Rates: baseline quantities.

(1) The Public Utilities Act requires the Public Utilities Commission to designate a baseline quantity of gas and electricity necessary to supply a significant portion of the reasonable energy needs of the average residential customer, as prescribed, and requires the commission to also take into account differentials in energy use by climatic zone and season. The act requires the commission to require that every electrical and gas corporation file a schedule of rates and charges providing baseline rates.

This bill would require the commission to *recalculate the summer baseline quantity of electricity for all climatic zones in the state based on 70% of the average usage for each of these zones for the months of April to September, inclusive, using 5 years of historical data, including the latest available usage for 2001. The bill would require the commission to adjust the baseline quantities for these areas not later than 30 days from the effective date of this section. The bill would prohibit the commission from adjusting any baseline quantity*

downward for winter or summer months for any climatic zone in the state prior to July 1, 2003. Because a violation of a rule or order of the commission is a crime under existing provisions of law, the bill would impose a state-mandated local program by creating a new crime.

~~designate for Climatic Zone 15, an area encompassing the Coachella Valley in Riverside County, a baseline quantity of electricity equivalent to double the baseline quantity allowed in Climatic Zone 15 as of the effective date of the act adding this section. Since a violation of a rule or order of the commission is a crime, this bill would impose a state-mandated local program by creating a new crime.~~

~~(2) This bill would make certain findings and declarations regarding the inapplicability of a general statute within the meaning of Section 16 of Article IV of the California Constitution.~~

~~(3)~~

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would declare that it is to take effect immediately as an urgency statute.

Vote: ~~majority~~ ^{2/3}. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.
